Condensed Fruit Juices in each Jiffy-Jell Dessert

Remember how Jiffy-Jell excels the old-time quick gelatin desserts.

Jiffy-Jell is a real-fruit dainty, rich in fruit. We exush the fruit, condense the juice and seal it in a vial. You get the delights and healthfulness of fruit, not a mere fruity taste.

The fruit is plentiful. We crush, for instance, half a pineapple to flavor one dessert. This is done

in Hawaii-fruit too ripe to ship. The fruit alone might cost you as much as the whole dessert.

This is most important. People need fruit daily -real fruit, not mere flavor. Tiffy-Jell serves it in delicious form, with a moment's trouble, at a trifling cost. Join the millions who enjoy it. Start this week and send the trade-marks for the molds we offer free,
